Do you want to become an active LION ?

You are part of our family – the worldwide Association of Lions Clubs.

You know our philosophy.

You are equally involved in our activities.

You are aware of what it takes to be a Lion!

Calling All Lionesses

Lionesses can join us through the Lioness conversion program.

You too can form a branch of your parent club.

Becoming an active Lion will offer you leadership and self-development opportunities.

How can spouses and partners join us?

You could become a member in the same club as your spouse. As a family member you would be entitled to the family member waiver.

Along with other spouses and partners, you could form a “club branch” of your spouse’s club.

Having your own club would give you a separate identity.

You can hold meetings at your own convenience.

You can also conduct activities which interest your members.

Of course, sending membership and other monthly reports would be the responsibility of the main club.

When you form a club branch of the club your spouse belongs to, you will also enjoy the benefits of the family member waiver.

It only takes 20 members to form your own club.

There are many options available to you.

All you have to do is say YES!

If you are willing to accept my personal invitation to join this organization, please fill out the attached form and send it to me. My office will then assist you in choosing or forming a club.

I trust you will agree to become a Lion.
