MONTHLY BULLETIN FOR LIONS OF NORTHEAST GEORGIA

District Governor

Ron Bennetti

Hi Fellow Lions of District 18-D,

Since my return from the International Convention in Australia, I have been extremely busy doing the work of a District Governor. I returned on Thursday and on Saturday I was off to Centerville, Georgia for the Zone Chairman training session. Most of the Zone Chairman as well as the cabinet officers attended session. A great bit of information was absorbed by all who attended. I would like to thank all who attended and I know that the information they absorbed will be used effectively in our district.

The following weekend Deanna and I went down for Lions Day at the Camp for the Blind in Waycross, GA and what a wonderful weekend we had, this was the first time that all the governors were together since their installation in Australia. We had some time to talk over our strategies for the year and see how the camp operated. All Lions that attended had a wonderful day and were entertained by the campers at lunch, and then the Council of Governors was entertained after dinner. Upon my return home I had to prepare for first cabinet meeting which was the following weekend.

The cabinet meeting was well attended by the club's and I have heard great reviews about the length of the meeting and the contents of the meeting. It is my intention to keep meetings short and to the point for the rest of the year.

The month of August start off with a bang making club visits, I first started at Dawsonville and then Hartwell, Commerce, Toccoa, Union County, Elberton, Clarksville, Buford, Snellville, Atlanta Classic City and Dahlonega. Every one of these visits I met Lions from our district and what wonderful Lions they are, the clubs have many programs that they are doing in their communities. When I selected my motto for the year as; **"We are Knights of the Blind and We Serve"**, how was I to know that it was a perfect motto for the clubs of District 18-D. Each club has performed service to their community in special way to make his motto stand out.

We have also moved forward in keeping with the International President Sid Scruggs motto **"A Beacon of Hope"**, during the month of August by **"Engaging Our Youth"** in service projects throughout the communities that we live in. We now look forward to bringing the second part of his plan into action which will be the month of October **"Sharing the Vision"** in which I hope each club will try and organize eye screenings, increase the collection of eyeglasses that go to the Georgia Lions Lighthouse for future distribution to third world countries, encourage members of our clubs to visit the Georgia Lions Lighthouse and take the tour of the facilities that we have and participate in the recycling of our glasses. By participating in this activity it will help the visually impaired in our communities. All this is being done in conjunction with World Sight Day/Month in October.

I'm looking forward to visiting additional clubs during the month of September and seeing what projects and activities these clubs will be doing. As I make my visits I will be talking about some of the upcoming events in the District reminding the clubs and members of the upcoming **55th District Rally** in November and the **Hall of Fame Dinner** the same weekend. Please keep the weekend of **November 12-13, 2010** open for this event. I also would like to inform the clubs that we are sponsoring district for this year's state convention to be held in Gwinnett County in June. One point I must make at this time is that the International President will be attending our state convention and we will also have our Past International President in attendances at the convention as well.

As the sponsoring district a good showing of our members is a must so please make plans to attend this convention in support District 18 D.

As a final note, just remember, **"We are Knights of the Blind and We Serve"**

Thanks for all you do for Lionism,

**Yours in Service,
DG Ron**

"LCIF Partnering for Service"
5:00 minutes

This video provides an overview of some of LCIF's key partnership programs in the areas of sight and youth. This DVD is available in English-only.

Lions:

One of our Lions in the newly formed Dacula Lions Club, Lion Jeff Wolfe, has obtained information on an 80-minute documentary film by producer/director Joseph Lovett, who suffers from sight-robbing glaucoma himself. This film covers preventing, treating, and coping with vision loss. If you will review the attachment, you can see all the details. Lion Jeff is working on holding a screening of this film in Metro Atlanta. We also hope to get the Lighthouse involved.

This is a great opportunity for Lions all over Georgia and all over the world to make the public aware of vision loss and all that is involved by holding screenings of this documentary film. This is a perfect time to use this opportunity to alert the public, since IP Sid Scruggs' emphasis is on "community service".

**We are the greatest secret in the
world
and it's up to you to spread the
word**

Dear Lion,

Lions have long been committed to programs that serve our youth. They are truly tomorrow's leaders. But they need us! I would like to encourage all Lions to support our youth, particularly this next month, as we focus on service to youth.

I'd like to share with you one youth program that is near and dear to my heart - [Lions Quest](#). I have seen its great impact worldwide, as well as in my home country. This is a program loved by youth, teachers and parents alike. Why is it so loved, you ask? Because it has real results, and it gives hope for the future.

Others know this, too. The Minister of Culture in Germany told me - after Lions Quest was implemented - that it is not enough to deliver facts only in schools. We must also deliver ways to live and values for life.

And, this message is spreading. The Minister from Bhutan who attended our Lions convention spoke to me about wanting Lions

Quest in their schools. Leaders are realizing the value of Lions Quest. Three additional countries added the program last year - Bulgaria, Mauritius and the Philippines - bringing the program to 60 countries now. Next month we will be meeting in Colombia with Latin American leaders about expansion throughout the region. But there are so many other countries and communities where this program could make a difference.

Lions, now is our chance to make a name for ourselves as leaders in youth service. I challenge you to join me in global extension of Lions Quest.

Like me, I'm sure that you have been following the news reports of the deadly flooding in Pakistan. My heart goes out to the 20 million affected by this disaster. As the flood waters and death toll continue to rise, Lions are committed to helping.

Lions have been providing assistance since the devastating flooding began July 22, and [LCIF is providing US\\$120,000](#) to help Lions in providing relief to their communities.

You know well that Lions Clubs' greatest asset is our volunteers - you and 1.35 million Lions around the world. Wherever there is a need, there is a Lions club nearby, ready to respond with

their hearts and hands. In the case of disasters, we are the first to offer help, and the last to leave.

I was moved by a [video](#) the Lions in Pakistan created. While it shows the effects of the disaster, it also shows hope - hope for brighter days ahead. This hope is because of Lions. They have put aside their own needs to help their neighbors, providing needed relief supplies and shelter.

We are truly committed to long-term relief, and [Haiti](#) is one example where our work remains ongoing. The Lions of Haiti have done a great job given the widespread devastation and the local constraints that exist.

Six hundred Haitian families will move into new homes thanks to an initiative between LCIF, the Lions of MD 111 Germany,

and HELP, an international non-governmental organization (NGO). This is the first of many [reconstruction projects](#) to receive support from LCIF thanks to the generous response from the international family of Lions

following the devastating earthquake in Haiti.

Through the project, homes will be erected directly on a family's plot of land, thus avoiding the hardship of further displacement and any potential property disputes. The building of these homes is an important first step toward reestablishing normal life for families who lost their homes and so much more after the earthquake.

From Haiti to Pakistan, China to Tennessee, Lions and our foundation are rebuilding homes and lives.

With my cordial regards,

Eberhard J. Wirfs
Chairperson LCIF

Sight and Youth Grants Approved

At the August 2010 SightFirst Advisory Committee meeting, 21 grants were approved for a total of US\$2.68 million. The Lions Quest Advisory Committee approved 19 grants for a total of US\$695,135. A full list of approved grants is [online](#).

Lions-Measles Initiative Launched with Gates Foundation

Service-Learning in America's Schools

Late last year, the Corporation for National & Community Service [issued a brief](#) summarizing the research report *Community Service and Service-Learning in America's Schools* (2008). Research studies show that when young people participate in service-learning, the benefits contribute to students' success and have a positive impact on their social behavior, habits, and attitude. A number of studies are available to support the need for policies that will build and sustain service-learning programs in schools. Tufts University's CIRCLE research center provides a [working paper](#) on the impact of participation in service-learning on high school students' civic engagement, and a [fact sheet](#) that investigates the effect of school-required community service on academic performance. With youth volunteering on the [decline](#) since the September 11 attacks, now is the time to engage young people in service! **Did you know - on average, course-required community service enhanced academic progress by 3.3% (in history) to 6.7% (in reading).**

Editor's Note

Fellow Lions:

EMBARRASSING

Have you or any member of your Lions Club checked out your Club web site????

At present, the following District 18-D Lions Clubs that have or are listed on the LionNet are as follows:

Athens
Carnesville
Cornelia (Nothing appears)
Dacula
Dahlonega
Dawsonville
Forsyth County
Lawrenceville (Nothing appears)
Snellville
Toccoa
Towns County

If I were a Lion from another state and wish to move to Georgia – I would be looking on the LionNet and once I find clubs within District 18-D – low and behold I would find OUT DATED information. I would even think that maybe the club does not exist any longer.

Do you mean that you can't find somebody to work on your web site? In fact, if you don't have someone than WHY not ASK and get a new member in that might be able to work on the web site or develop a new web site.

Have you checked out the new Dacula Lions Club – they for some reason found someone within their club that made the Dacula Lions Club web site.

Gee, LionNet has guidelines and will help to set up a web site. Have you seen the one that Forsyth County has (but it has to be brought up to date).

Of course, I have to get with Toccoa and Dacula to let them know how to get on the LionNet page.

I know it can be difficult at times, but it really does not take that long to do updates.

Can you imagine people who are not Lions looking at your web site?

What do you think they would say or comment about and maybe even tell other people. Why would they even think of becoming a Lion and they see you web site?

What if someone needed help – what would they find?

Now – the one that Forsyth County used from LionNet - go to:

<http://e-clubhouse.org/sites/forsythcoga>

The two clubs that did their own check out =
Dacula Lions Club:

<http://e-clubhouse.org/sites/forsythcoga>

Toccoa Lions Club:

<http://www.toccoalions.org>

I have already contacted LionNet to delete a couple of clubs and add 2. It sure would be nice if a few more Lions Clubs could be added to the LionNet. Think about it and see what you can do – just ASK.

Now – just go to this web site and get all the information you can to develop your club web site:

<http://www.lionnet.com/lionwap.html>

It is **FREE** – so why not check it out – there is nothing like improving your image.....

Also – have you bothered to go to this web site:

RETENTION

CLUB NEW MEMBER INDUCTION AND ORIENTATION

Forty-eight (48) Lions in JULY, forty-seven (47) in JUNE, fifty-two (52) in MAY, etc., all new Lions in Georgia. What should we be doing to retain them? First of all, were they inducted as Lions? Some of these Lions were charter members of new clubs, so I think we can assume that most of these new Lions were inducted. However, based on my charter club ceremony attendance, I know that not every new Lion was inducted into their new club. What about the new Lions who joined existing clubs? In fact, it is very likely that not every new Lions was inducted. LCI's web site provides clubs with "Meaningful New Member Inductions" (ME-22), which covers the special club ceremony for new member inductions, but what I am going to suggest is that Lions who may have missed the ceremony should be inducted the very next night they attend a club meeting! Induction doesn't take much time; **all** new Lions should be inducted!

I vaguely recall being inducted as a new Lion by PDG Millard Havener. Although the ceremony was nice, I doubt that my induction alone has kept me a Lion for over twenty years. What else should new Lions experience shortly after they become members? High on the list of experiences is participating in Lions' orientation. Why is orientation important? Yes, new members are considered Lions, but let's be honest about becoming new Lions. What do new members know about being Lions? The fact is that new Lions hardly know anything about Lions and being Lions! We were successful in getting them to join clubs, but how are we going to keep them if they don't know what they joined and become convinced that they should continue to be Lions?

New members need to participate in **Lions' orientation**! The major way new members will be able to receive orientation is by having existing clubs provide it. Although existing club members know a lot about being Lions, it nevertheless requires a fair amount of work to provide orientation to new members. Fortunately, orientation is something else LCI's web site has available. Once you log on to the web site, do a search for "The Orientation Guide" (ME-13). What you are going to find is a Club Membership Chairperson's Guide, which identifies the person responsible in a club for organizing new member orientation. No, this does not mean that a Membership Chair has to be the Lion who provides the orientation training, but this club leader is responsible for organizing orientation. The LCI guide "... contains complete planning instructions, suggestions for localizing materials, suggested outlines, checklists and complete orientation content." (p. 15) Furthermore, you will also discover an LCI Lions Orientation Refresher Series designed to provide an **orientation update for ALL Lions** over a series of club meetings. Clubs don't just lose new Lions. A refresher orientation can potentially help us keep some of these members.

So how was our first month's Georgia Lions membership retention? Statistically, we started the year better than last year. We lost 80 members in July, but last year we lost 99 members. Although the loss difference was only 19 (.003%), had we been able to retain this lower loss retention rate all last year we would have finished the year with an overall membership gain vs. the minor loss of 4 members we experienced. Let's continue to work toward increasing our retention: **INDUCT** and provide **ORIENTATION** to new Lions! This is our starting point.

Yours in Lionism, Richard "Dick" Smith

Southeastern Lions Leadership Institute

Dear Lions Leader,

As you may be aware, the Southeastern Lions Leadership Institute is not happening this year. Due to funding issues, the committee that does this fine program has had to suspend the program.

However, Lions Club International still offers a very similar program: It is called the **Senior Lions Leadership Institute**. The dates are November 18-21, 2010 in Albuquerque, NM. If selected to attend, you pay only for your transportation---all meals and lodging are covered. The problem is that the deadline for applying is **September 7th**. The following link will give you the application and all details. Please, if you have someone that has completed a term as a club president and is a current or future District leader, they will greatly benefit from this institute. (They may not have been a First Vice District Governor---so everyone up to and including the 2nd VDG can attend).

<http://www.lionsclubs.org/EN/common/pdfs/Slli-Albuquerque-2010.pdf>

If you have any questions about the institute, please feel free to contact me. This is a great opportunity for rising District Leaders. Don't let them be left out.

Yours in Lionism,
C. Mark Miller

CLUB REPORTS

This is another way of getting Lions in your club, new members and prospective members interested in doing something new and different. Getting involved is another word for **WE SERVE**.

Certain things can happen when your Lions Club gets involved. If we have to find something new – go for it – because the more we raise – the more we can give. Also, the more members who get involved also create a bundle of fun and more money raised. The information that appears may benefit another club – for here is where we get ideas and we might be able to use those ideas within your own club.

Athens Lions Club = Collected and turned in 1848 pairs glasses, 1112 pairs lenses and a few open glasses, sunglasses and hearing aids. **We have changed meeting places. The place that we were meeting closed. We will be meeting in St. Stephen's Anglican Catholic Church, 800 Timothy Road, Athens Ga. 30606**

Clermont North Hall Lions Club = At our first meeting this month Mr. J.D. Kirby from the Northeast Georgia Historical Society told us of their facilities, memorials, and collections. Additionally, he told us of their fund raising and celebration events during September. He invited any and all to join their organization and help preserve the culture and history of Northeast Georgia. Additionally, this month we provided the space for the first District Cabinet Meeting of this Lions Year. We also worked at one event at the Georgia Mountains Center. Our Sight Committee approved three applications for an eye exam and glasses. We arranged for the glasses for those individuals. We also worked on our participation in the Clermont Days festival.

We serve!

Lindsay's Legacy is named for the late Mr. Jack Lindsay, who founded the local Potter's House, and who was well-known for his many, many other good deeds. Lindsay's Legacy has been in existence about six years, and, while starting out with just a few mentors, last year there were 235. New mentor training sessions are scheduled for Tuesday, September 7, 12:00-1:00 p.m. at Hope Crossings Church, 2106 Old Pendergrass Road, Jefferson. Loganville Lions Club = *The Loganville Club also worked with City on the Independence Day Parade through downtown Loganville on July 3rd. The Club's job was to line up the entries for the parade according to a plan at a local school parking lot. This can be difficult because participants come at odd times to get in line and getting them all in the proper place according to the plan can be a logistics challenge. Our Club has done this for several years running and performs the same activities for the Christmas parade as well. The Loganville Lions were privileged to have Loganville Fire Chief Danny Roberts and Battalion Chief Rick Morris speak to a recent Club meeting. The Lions were given some background of the department from origin to present. Braves Catcher Brian McCann Supports Your Lighthouse Foundation

Brian McCann knows first-hand how devastating vision problems can be. His blurry vision could have cost him his job, but he was able to afford the surgery and eyewear he needed to stay in the game.

“Losing my sight could have cost me my job.”

Fortunately, I had access to quality eye care that kept me in the game. Each year, the Georgia Lions Lighthouse helps thousands of Georgians to see and hear the sights and sounds that help them to be productive and fulfilled. Please support their efforts.”

SEPTEMBER MEETING

TO OUR FELLOW LIONS,

What a whirlwind year! The Georgia Lions Lighthouse Foundation and the Georgia Lions Camp for the Blind have worked harder than ever to improve the lives of Georgians in need. So far in 2010, we've experienced both growth and tremendous surges in demand, making your contributions not only increasingly valuable, but also increasingly crucial. From vision screenings to Camp clean up, take pride in all that you and your club have done to make our programs come to life.

Georgia Lions Camp for the Blind 2010 Update

Once again Kristen and her Team have taken serving the Visually Impaired at our Camp to new heights. This year we had a 40% increase in campers over the previous year: Camp that was "Ripe for Change" challenged those "We Serve" as never before. Our Camp is growing in both numbers served and in the quality of service provided. Many of you had an opportunity to see this first hand on Lions Day. Indeed we have had a wonderful year at our Camp and me thank you for helping to make this a very successful year!

Georgia Lions Lighthouse Foundation 2010 Update

The Lighthouse is looking forward to big changes in the coming months. With the continued success of the Capital Campaign, a surge in applications, and an upcoming move which will enable us to serve more Georgians more efficiently than ever before, 2010 is set to be a milestone year for our organization. Your generosity and support have been key to making this growth possible— thank you for helping us reach and exceed our goals year after year!

Join us at our joint session to learn about NEW ways to help your Camp and Lighthouse in the new lion's year.

Capital Campaign Update

On July 28, 2010, the Lighthouse Foundation received the keys to **our new 14,000 square foot facility**, thanks to the generosity of innumerable individuals, Lions Clubs, and organizations. Renovations to the building, which will house an optical shop and fully-equipped eye clinic, will be complete by late November. The clinic will be in operation by early 2011.

Challenge Grant:

As of August 2010, the capital campaign has secured a remarkable **\$2.4 million** in pledges.

An anonymous “Friend of the Lighthouse” has offered to give a **\$350,000 gift** if we successfully meet our **\$2.75 million goal**. In this final stretch, your support is more critical than ever—please consider a pledge today to help the Lighthouse reach its goal and build for the future!

Members of the Lighthouse Board of Directors signed the closing documents on the new Lighthouse building on Wednesday, July 28!! This is such an exciting time for the Lighthouse and for the Lions of Georgia! If your club has not made a pledge to the Capital Campaign, or has not made any payments toward pledges made, please make those arrangements with District Director PDG Kenneth Moore. Pictured here are: Seated, LR -- Chairman Gary Vaughters, Immediate Past Chair PCC Mark Miller; Standing, L-R -- Secretary Donna Townsend, Executive Director Christina Lesson, District D Director PDG Mike Higgins. Lighthouse & Grady Health Systems Partnership Makes Ear Care Accessible

Lions Lighthouse is thrilled to announce a new partnership with Grady Health Systems, our latest effort to bring hearing care to the underserved.

Dr. Carla Spyies, an audiologist at the Grady ENT clinic, has been instrumental in making the partnership a reality. Soon after joining Grady last November, she realized how partnering with the Lighthouse would help both organizations provide a better quality of service to patients in Fulton and DeKalb counties.

As a result of the partnership, Grady will revive its hearing aid program, giving patients a central location to receive hearing tests, get ear molds and fittings, and receive follow-up care. Providing a full continuum of care for our hearing clients, the relationship with Grady decreases transportation issues for clients without easy access to other provider locations.

“I’m grateful to make Lighthouse services available to my clients,” says Dr. Spyies, who has volunteered with Lions Lighthouse since 2009. “When you’re working with an underserved population, you’re able to help someone who’s really in need and hasn’t been educated about their health due to having many other pressing concerns. It’s extremely gratifying.”

Grady Health Systems and the Lighthouse share a strong commitment to serving the poor and disenfranchised. The Lighthouse looks forward to working with Grady to ensure that our clients have access to quality hearing healthcare.

To Our Fellow Lions:

From everyone who has been given much, much will be required; and to whom they entrusted much, of him they will ask all the more. Luke

Dear Friends of the Camp,

Another Camping Season has come and gone. Maybe that is so maybe it is not. The Campers are gone that is for sure. We just had one of the best Camping Seasons in a long time and challenged the Campers to do more than ever before. With the Wall and our new Low Ropes Course added to the programming, our Campers are learning what it is like to trust in others and even more so to trust in themselves.

Just as we did last year, again this year we had a 40% increase in Campers over the previous year's Camping Season. That is a great story to tell, and we are very excited about this accomplishment. But that is where the Camping Season is maybe not over. We are still picking up the tab for that great Season. Lions always ask me, "What does it cost to send a Camper to our Camp for a week?" To me the answer is very simple: Divide our Annual Budget by the Number of Campers and that is your answer. Everything we do at the Camp is affiliated with having a great camping season, so all costs are expensed to that end. So the Cost per Camper is easy to determine in my mind: Budget for Camp \$307,700 | 140 campers = \$2,192/ camper.

I shared that with you because once again we did not make budget from a revenue stance. I thank Kristen, her team, and the Executive Committee for being frugal and not spending to budget as well. We cut corners where we could and even with some unexpected costs (dorm fire alarm system, girls' dorm air conditioner, etc...), we still did a great job of managing the Camp and our funds. However, we have had to borrow \$50,000.00 from the Trust Fund in order to complete the Camping Season and pay the bills for July and August. So we are doing what is right in making our Camp better and better; the camper numbers reflect that. "On the Flip Side", we are "Ripe for Change" for getting our finances in order as well. We have some work to do...

We start the work now to have a great Camping Season next year. Please join the Staff of your Camp, the Board of Directors and I as we meet for the Joint Meeting of the Georgia Lions Camp for the Blind and the Georgia Lion Lighthouse in Duluth, GA the weekend of September 10-12, 2010. We are going to celebrate the successes of both organizations and start the work for another great year of service. I look forward to seeing you there!

As always – Thank you for all you do for our Camp and those "We Serve". I'll see you in Duluth for the Joint Meeting. Take Care and God Bless!

Turn off the bubble machine!

Smile! You're at GLCB!!

Goal Ball Game

Beeper Ball

Kristen

Several Lions from around the state enjoyed a day down at the Georgia Lions Camp for the Blind on Saturday, July 24. Despite the heat, Lions and campers alike got out to enjoy the Fish-a-Thon, games of Beeper Ball and Goal Ball, and tours of the facilities. After a delicious meal, the some of the campers participated in a talent show.

That evening, the Woodbine Lions provided a wonderful fish fry for the Council of Governors, after which they were updated on the status of the Camp by President Frank Spinney. The campers again showcased their talent for the Lions who remained.

As most of you know, the Camp is in need of funds. Last year, the Camp increased the number of campers by 40% over the previous year, and that number increased by another 40% this year. There are several things that need to be repaired, updated, or renovated to meet ADA standards and requirements. Please consider increasing your donations to the Camp as you set your budgets for the year.

The next gathering for the Camp will be the Joint Meeting with the Lighthouse during the weekend of September 10-12 at the Atlanta Marriott Gwinnett Place. Visit www.lionslighthouse.org -- details will be coming soon!

Campers' Talent Show on Saturday Night

Cancelled

August 21, 2010

Without going into details, the Casino Night scheduled for October 23, 2010 is **cancelled**. There is a potential problem that requires I use judgment in the interest of the Lions of Georgia and your Georgia Lions' Camp for the Blind and thus our campers. With the concurrence of President Frank, I cancelled this event but expect to reschedule it in the future.

Please let me know if you have received anything for the Casino Night so I may contact the donors and make appropriate arrangements.

University Partnerships

A Win-Win-Win Scenario

“The week that I spent at Leader Dog was exhausting, stressful, mentally challenging, and quite possibly one of the best learning experiences that I have ever had. The hands-on exposure to the teaching experience with the clients that Leader Dog provides and the immediate feedback that you get from their O&M instructors proved to be invaluable.”

Charles Denaway, WMU Student

In the United States there is one trained Orientation & Mobility instructor for every 750 people that are legally blind. This extremely low number of instructors makes it hard to obtain Orientation & Mobility training in a timely manner, or sometimes at all.

Commonly referred to as O&M, Orientation & Mobility refers to a person's ability to determine where they are and how to get to where they need to go. Part of O&M training includes teaching the use of a white cane to assess immediate surroundings and increase travel safety. People using a Leader Dog need excellent O&M skills because they generally move faster than a person using a cane.

Similar to other teaching professions, O&M requires practical experience supervised by a seasoned professional. Due to the limited number of certified O&M instructors, experience can be hard to obtain. This is where Leader Dog enters the picture. At the beginning of each year, a short break from dog guide classes allows LDB the opportunity to add extra students to our accelerated O&M class. Leader Dog's class compacts months of O&M training in a one-week course taught by our three certified O&M specialists. Several years ago we began bringing in Master's level O&M students from Western Michigan University to help with the larger class. This created a win-win-win partnership – LDB provides more people with O&M training, WMU students obtain needed practical experience, and additional people who are visually impaired receive O&M training.

The hands-on training has become an important part of WMU's curriculum. James Leja, professor and chair of the Department of Blindness and Low Vision Studies at WMU calls the experience incredible. “They [WMU students] receive a concentrated experience with excellent supervision and get to work with a variety of students. They are generally exhausted by the time they complete the week, but each student is quick to tell me that [this experience] really drove home their decision to get into the field. They come back with a renewed excitement which really shows.”

WMU Student Charles Denaway says, “The week that I spent at Leader Dog was exhausting, stressful, mentally challenging, and quite possibly one of the best learning experiences that I have ever had. The hands-on exposure to the teaching experience with the clients that Leader Dog provides and the immediate feedback that you get from their O&M instructors proved to be invaluable.”

The future is important at LDB – whether planning for our own financial stability or making sure that there are trained professionals to support the visually impaired community – we believe in working together to be prepared.

Graduate Sponsor Patches

One of the many great services Lions provide to Leader Dog is assistance with students from your home area. For years we have awarded graduate sponsor patches to celebrate this service. Patches are given to clubs that reimburse LDB for the cost of a graduated student's airline ticket, that provide the student's initial contact with LDB that assist with the application process (filling-out forms or shooting video), or provide transportation to/from the airport when the student attends LDB.

Thank you to all Lions that have given of themselves in this manner.

Serving Those Who Served

Blinded by the rarest of calamities while he was in the Marine Corps, **Daniel Standage** discovered that *schooling and service to others who served were his tickets back to health and wholeness. He was recently honored with a National Achievement Award scholarship by RFB&D.*

"I began looking for ways to improve my surroundings, in my home and community. Things like taking leadership roles within the blinded veteran community and advocating for student veterans who were too ashamed to ask for help. Helping others somehow helped me."

For 36-year old **Daniel Standage**, a steadfast resolve to be of service has blossomed into a rewarding career path and a journey toward healing and wholeness.

As a young serviceman in the Marine Corps, Dan spent a decade training and serving on the East Coast, West Coast, and overseas. Shortly after leaving Okinawa, he started experiencing severe headaches, losing and regaining his eyesight twice due to a buildup of cerebral-spinal fluid in his head. The third time he lost his eyesight, he never recovered, and it was discovered that the cause was a reaction to a vaccination he'd been given for Japanese Encephalitis while stationed in Okinawa.

"I was just one of the very rare guys that have a reaction to it," he says. "It seemed so incredibly ironic that this could happen to me in the military."

In poor health, Dan ended up separating from the Marine Corps on the same day that terrorists were crashing planes into the World Trade Center, and descended into what he calls "a dark place" in his life. "I lost my eyesight, went through a divorce, left the Marines, moved back to live with my parents. . . and subsided into doing what people call 'self-medication' – drinking, withdrawing and not talking to people. And at the end of that tunnel, it was education and school that turned everything around."

Dan entered Central Arizona College in early 2005; a Veteran's Affairs vocational rehabilitation counselor introduced him to RFB&D shortly before starting school. "RFB&D turned out to be a major part of *coming back* for me," he says. "When I first lost my vision, reading was the last thing on my mind. But later on, school became the

conduit for me to change my life, requiring me to learn completely new ways of doing things – and so reading books in audio format instead of text was a significant step forward. Having equal access to the same material meant that the focus remained on the course, not the disability.

"Reading books through RFB&D has helped me become a better listener. A lot of people are such visual learners that as soon as the book closes, they forget about it. In listening to books, I find that I retain the content better."

Today, Dan serves as a coordinator in the Veterans Reintegration & Education Project at the Disability Resource Center at University of Arizona in Tucson. He finds genuine fulfillment as an advocate for student veterans – many of whom are returning from two wars with a variety of trauma impairing their ability to read and learn. "As I continue to serve those who served, I consider my membership with RFB&D as an invaluable tool for accessing the printed word."

Our Wounded Veterans Initiative, providing more assistance dogs to injured veterans is going strong. We thought you would like to know what our most recent Wounded Veterans Initiative graduates and their clients have to say:

"Facility Dog Jonah is a vital part of treatment for recovery. He's very loved around the battalion." "We see between 3,500 to 4,000 veterans per month, so the power...the impact that Facility Dog Ascot has is just incredible." "For me and the other wounded vets, we're very thankful for the opportunity to be able to take an assistance dog home and have them be there for us for the next ten years of our lives, helping us out in the daily tasks that we wouldn't be able to do without them."

"Before when I needed stuff, I would have to ask someone for help, now, with my Canine Companions service dog... It's like having your life back because of being able to do stuff without having to rely on someone else to do it all of the time."

At Canine Companions we have always helped veterans and are even more committed now with the Wounded Veterans Initiative soundly in place. We recently worked with The University of Denver's Institute for Human-Animal Connection to evaluate our process as it relates to the unique issues facing veterans of the current conflicts. Phil Tedeschi, clinical director of the institute, concluded, "We found that Canine Companions for Independence has such a high

quality program and is already doing so many things right.”
The University of Denver held a workshop for some of our CCI instructors to learn more about PTSD and its effects on returning soldiers.

**The Mission: Camp Kudzu educates, empowers,
and inspires children living with diabetes.**

Camp Kudzu is a non-profit 501(c)(3) organization providing education, recreation and peer-networking programs for Georgia's children and youth living with diabetes and their families.

Led by dedicated volunteers, medical professionals and a small professional staff, Camp Kudzu offers three weeklong overnight summer camps, family camps and other diabetes education and management programs throughout the year.

Camp Kudzu was founded in 1999, by parents, physicians, healthcare professionals and community leaders who joined forces to establish a program in Georgia that would support the special medical and emotional needs of children living with type 1 (insulin-dependent, juvenile) diabetes in a fun, safe environment. The first summer camp was hosted in June 2000 with 96 children in attendance. This summer, approximately 550 children will attend camp.

It is our hope that after a week at camp, campers will...

Be able to establish proactive patterns for living with diabetes.
Know how to build friendships to have a social support network.

Have at least one positive role model intersection with type 1 diabetes that they engaged with during the Camp Kudzu experience.

Show improvement in a health skill area as identified by the checklist from a family member as a result of his/her experience at Camp Kudzu.

Liberty Day is for ALL

Welcome to Liberty Day! I am glad to see that there are five district Liberty Day Chairs in MD-18. District 18-D's Chair is Lion Heather Hulsebus of the Dawsonville Lions Club. Invite her to speak at your club.

Again this year, the National Council of the Boy Scouts of America, as well as the National Council of the Girl Scouts of America, has endorsed the Liberty Day program for their youth members. Contact your local Boy Scout troop to see if they need help with the Citizenship in the Nation merit badge.

District B and District F Liberty Day Chairs each received a box of about 500 U. S. Constitution booklets from U. S. Representative John Barrow's office. These were distributed by the Chairs to high schools in their district with the box marked "From the Lions of Georgia."

If any Lions Club in your district sponsors a Liberty Day project, I am asking that your district public relations chair be involved to see that that Lions Club and Lions receive public recognition of the project.

As your MD-18 Liberty Day chair, I am asking each district chair and each club to contact their schools and teachers for a Liberty Day celebration. The booklets are available with the State of Georgia on the cover. Along with the booklets, each order has a set of Question & Answer cards, and a teacher packet with lesson plans and tests. Contact me at (912) 876 8324 or cschurtleff@coastalnow.net or your District Liberty Day Chair for more information.
